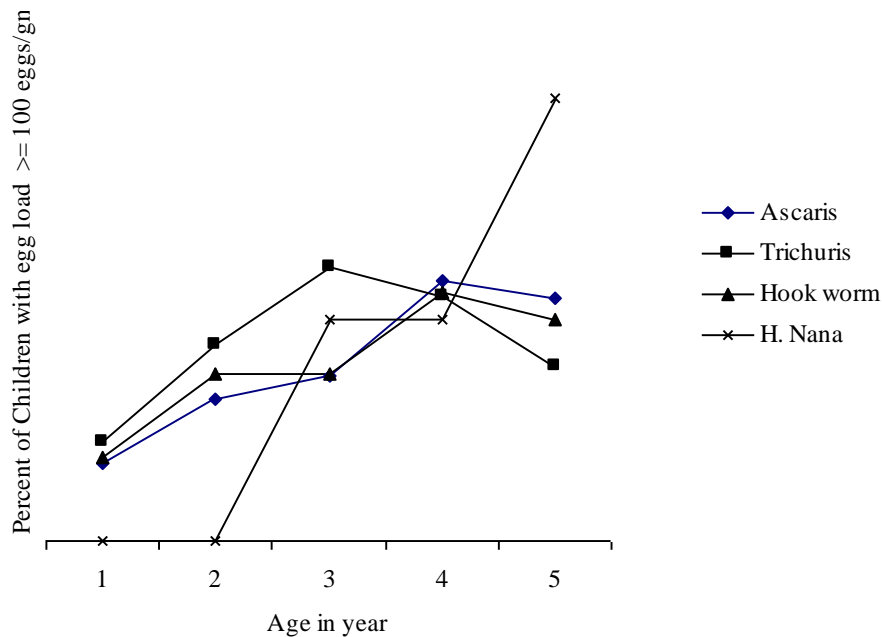

Figure 3. Distribution of egg-load ≥ 100 /gm of stool by age of children, Jimma, Southwest Ethiopia, 2004.

2. The Acknowledgment Is Changed As Follows.

I Sincerely thank Prof. Hywel C. Williams, Dr. Sarah A. Lewis, Prof. John Britton, Dr. Andreas J. Venn, Dr. Richard Hubbard (all from Nottingham University, Nottingham, UK) and Dr. Damtew Woldemariam

(former Jimma University President) for their contribution on this paper and with whom two articles on a topic and dermatitis on the same population are published (J

Allergy Clin Immunol 2005; 115:370-376 and British J Dermatol 2005; 152:735-741). I am very much grateful to all children and their parents who are participated in this study for their kind cooperation. I am as well indebted to Ato Sileshi Kebede, a

Laboratory Technologist for his tireless job in stool sample processing and analysis. The Association of Physicians of Great Britain and Ireland financially supported the study.
